**Attachments:** WS6\_Workshop\_Packet.pdf; May2013Agenda.pdf

**Importance:** High

Dear Chao and Kenny:

Sorry for the late notice. The Alliance for Risk Assessment has discussions this afternoon on a new BBDR modeling of formaldehyde that includes endogenous formaldehyde and the so-called "bottom up" approach (Robinan Gentry, Tom Starr, Jim Swenberg, . . .). It would be nice if you can attend via their webcast. I am attaching the Agenda and a package that they have on their website which discusses the project further.

Kenny, I will call you around 10:00 to talk some more about this work.

You will need to register. See [http://www.allianceforrisk.org/ARA\\_Dose-Response.htm](http://www.allianceforrisk.org/ARA_Dose-Response.htm)

Best Regards,  
Ravi.
